### **NEW!** Natural Gas retail Web sign-up

Many of our clients have asked us if we have a program for their home or the homes of their employees. Up until now we have not run a small volume commercial program; but that is about to change. This month we are launching a natural gas, small volume, web sign-up program. Our general rate is competitive with the marketplace, but our new program is offering a rate that is the lowest in the industry. To access this new Affinity Program, please contact your GO Energy representative or Cambridge Chamber Representative for information on how to sign up.
