Doctors4Cambridge

Cambridge businesses rely on the Cambridge Chamber of Commerce Physician Recruitment Committee to ensure their employees have access to a primary care provider. We provide this service to the City of Cambridge and Township of North Dumfries.

Physician Recruitment is a core program for the Cambridge Chamber of Commerce. The Chamber has long recognized the need to have excellent medical care available in our community in order to attract and retain businesses to Cambridge.

We have recruited more than 100 family physicians to our community, which has helped in staffing new clinics, increasing the number of physicians at clinics and replacing retiring physicians. If you or your employees need a primary care provider, please visit www.doctors4cambridge.com. We have also increased the assistance given to Cambridge Memorial Hospital in the past few years with the recruitment of specialists.

Our success is also dependent on our community partners and sponsors. We have many businesses and organizations in the community that have supported our

efforts in the past with donations of funds or in-kind services. The family medicine clinics, Cambridge Memorial Hospital and Academy of Medicine are also very supportive of our efforts.

We continue our programs that include touring potential family physicians and specialists, and being very involved with the medical schools and students so that we can continue to bring physicians to Cambridge and Township of North Dumfries. We potentially have a high number of family physicians retiring in the next few years and need to continue our efforts to help replace them.

We thank all of our sponsors, Cambridge Memorial Hospital and City of Cambridge for their continued support. If your company wishes to help through a donation or in-kind gift or service, please do not hesitate to contact us. We are also often in need of short term furnished accommodations for medical students in town for electives and rotations, and locum physicians here for short stays.

Recipient of the Ontario Chamber of Commerce

PIVOT AWARD

for joint program of [Chambercheck.ca](https://chambercheck.ca)

This award was given to a chamber that has embraced the pressures and uncertainty of the COVID-19 pandemic, quickly modifying existing services and/or introducing exceptional new programming or services to meet member needs during a most challenging time. While almost every chamber has adapted to some degree, this award recognized a chamber that has gone well beyond "the expected".

Building Community Through The Power of Music Music is in our everyday lives, and the opportunity to experience live music provides a special connection, not only to the musicians and melodies, but also to the energy and emotion uniting an audience. As one of Canada's busiest community orchestras, the Cambridge Symphony Orchestra (CSO) offers pay-as-you-can concerts to ensure all members of our community can participate in the joyful celebration of live music. Our inspirational year-round concert program is for all ages, and also includes our Cambridge Youth Orchestra and Musicians in the School Program, important projects not only for our youngest members to flourish and grow, but to enrich our community as a whole.

We believe working with a financial advisor should be more than just having someone helping you pick stocks and bonds. To us, it means being as invested in your goals as you are. Each time we meet – whether it's our first meeting or our 50th – we want to know, "What's important to you?" We'll also check in on your progress toward your goals to see how you're doing. Because it's important to know where you are today if you're going to get to where you want to be tomorrow.

Residential, Commercial, Industrial, Land, Recreational property. So grateful and very excited to be the 3rd generation in my family in the real estate industry. Mum said my first word was "keys". Safe to say my destiny as a Realtor was determined then. Following a fabulous career in Aviation with our national carrier, I followed my heart. 17 years in business now and I still love being a Realtor. My clients are like family. Helping folks with all their real estate needs, from organizing an estate sale and readying the property to buying new off a plan. This is my passion. Looking forward to working with you soon. The Kitchener-Waterloo Symphony (KWS) began in 1945 under the direction of Dr. Glenn Kruspe in an effort to accompany the Grand Philharmonic Choir. When Frederick Pohl succeeded Glenn Kruspe as Music Director, he founded the Kitchener-Waterloo Symphony Youth Orchestra in 1966. The youth orchestra has since become a nationally recognized orchestral training program for young musicians. They offer a schedule of rehearsals and sectionals coached by KWS musicians along with guest coaches. In 1971, famed conductor Raffi Armenian joined the KWS and accomplished great strides in developing the Centre in the Square, as well as saw the KWS evolve into a fully paid professional orchestra. He brought together 52 musicians who began touring across Canada, Europe, South America, and Asia, and have since made numerous recordings, including several JUNO award nominated pieces. Today, the KWS prides itself on offering a 'diverse and rich concert season' and it is the largest employer of artists and cultural workers in Waterloo Region.

Onyx Energy was formed in 2016. We have worked in the housing industry as Property Developers, Property Owners and providers of Property Management services from our sister company, Onyx Property Group. Because of this experience in we saw the value and need of providing Sub-Metering within our industry. Our business model is quite simple. We provide a turn-key solution that provides Owners, Developers and Condominium Boards with the ability to recoup the costs associated with various utilities; while educating Tenants to make wise decisions regarding consumption and empowering Tenants to improve and off-set their carbon footprint. The end results are improved cash-flow and Dramatically Increased Valuations while working towards the movement of energy conversation. Onyx Energy is licensed with the Ontario Energy Board for the sub-metering of utilities and is an accredited business with the Better Business Bureau.

Phoenix provides businesses owners with exit planning that helps them maximize value, reduce risk, and stay in control. We accomplish this by following the Value Acceleration Process. 1 Discover your options. We will assess different aspects of your personal, financial, and business data to get a better understanding of your position. The end goal? A prioritized action plan that identifies and communicates exit opportunities, based on your needs. 2 Prepare your business. This De-Risking and value stages are designed to prepare the business and owner for a transition. This strategic framework includes personal and financial planning to better organise your business for the future. 3 Decide your future. You are now better educated at this stage to make a decision to ultimately grow or exit your business. If you decide to keep your business, we can help with advanced value creation. If you decide to sell, we can assist you in completing the transaction. Connect with Greg for a no-commitment consultation.
