

SANI HANDS TH

PRODUCT
DATASHEET

Natural Product Number: NPN 02242309

Sani Hands TH is an Isopropyl Alcohol based, viscous formulation antiseptic skin cleanser used for personal hand hygiene to help prevent the spread of bacteria.

Active ingredients:

2 – Propanol (Isopropyl alcohol) – 70%

FEATURES

- Gel type formulation
- Dye and fragrance free
- Evaporates quickly
- Contains moisturizers and skin conditioners to protect skin from excess drying

APPLICATION

Use as directed. See product label. Best used in a new, clean dispensing bottle. Dispense approximately 3 ml of **Sani Hands TH** gel in to palm. Rub thoroughly in to hands for at least 30 seconds. Allow to dry. Use after hand washing and between washing as needed.

Consult your **Keytech** representative for additional information.

DISPOSAL

Rinse out used containers with copious amounts of cold water to reduce the risk of fire (the container may then be recycled or disposed of in general waste).

PRECAUTIONS

Sani Hands TH – Use as Directed (see Label)

- Flammable: keep away from open flame and sources of heat
- Avoid contact with eyes
- Keep out of the reach of children.
- Do not use on children under 2 years old
- Do not use on open wounds
- If skin irritation develops consult a health care provider

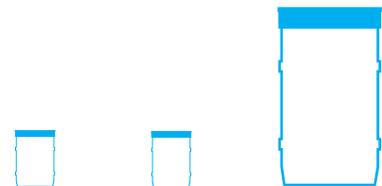

HANDLING

Read the SDS and label before using. For external use only.

STORAGE

Store in a cool, dry, well ventilated location away from incompatible materials. Air conditioning may be required. Keep in original container. Keep tightly closed.
